### **People of the Book**

The Christians that lived around the Arabian Peninsula during Muhammad's lifetime are shrouded in mystery. Some of the stories of the Prophet's interactions with them are based on legends and myths, while others are more authentic and plausible. But who exactly were these Christians? Why did Muhammad interact with them as he reportedly did? And what lessons can today's Christians and Muslims learn from these encounters? Scholar Craig Considine, one of the most powerful global voices speaking in admiration of the prophet of Islam, provides answers to these questions. Through a careful study of works by historians and theologians, he highlights an idea central to Muhammad's vision: an inclusive Ummah, or Muslim nation, rooted in citizenship rights, interfaith dialogue, and freedom of conscience, religion and speech. In this unprecedented sociological analysis of one of history's most influential human beings, Considine offers groundbreaking insight that could redefine Christian and Muslim relations.

### **The Truth About Muhammad**

Muhammad: a frank look at his influential (and violent) life and teachings In The Truth about Muhammad, New York Times bestselling author and Islam expert Robert Spencer offers an honest and telling portrait of the founder of Islam-perhaps the first such portrait in half a century-unbounded by fear and political correctness, unflinching, and willing to face the hard facts about Muhammad's life that continue to affect our world today. From Muhammad's first \"revelation\" from Allah (which filled him with terror that he was demonpossessed) to his deathbed (from which he called down curses upon Jews and Christians), it's all here-told with extensive documentation from the sources that Muslims themselves consider most reliable about Muhammad. Spencer details Muhammad's development from a preacher of hellfire and damnation into a political and military leader who expanded his rule by force of arms, promising his warriors luridly physical delights in Paradise if they were killed in his cause. He explains how the Qur'an's teaching on warfare against unbelievers developed-with constant war to establish the hegemony of Islamic law as the last stage. Spencer also gives the truth about Muhammad's convenient \"revelations\" justifying his own licentiousness; his joy in the brutal murders of his enemies; and above all, his clear marching orders to his followers to convert non-Muslims to Islam-or force them to live as inferiors under Islamic rule. In The Truth about Muhammad, you'll learn - The truth about Muhammad's multiple marriages (including one to a nine-year-old) - How Muhammad set legal standards that make it virtually impossible to prove rape in Islamic countries - How Muhammad's example justifies jihad and terrorism - The real \"Satanic verses\" incident (not the Salman Rushdie version) that remains a scandal to Muslims - How Muhammad's faulty knowledge of Judaism and Christianity has influenced Islamic theology--and colored Muslim relations with Jews and Christians to this day. Recognizing the true nature of Islam, Spencer argues, is essential for judging the prospects for largescale Islamic reform, the effective prosecution of the War on Terror, the democracy project in Afghanistan and Iraq, and immigration and border control to protect the United States from terrorism. All of which makes it crucial for every citizen (and policymaker) who loves freedom to read and ponder The Truth about Muhammad

### **Muhammad: His Character and Conduct**

Muslims all over the world see Muhammad as God's last messenger to mankind. Through his actions, he showed the way to live a life that provides for all the needs of body, mind, and soul, and elevates man's

aspirations towards a sublime ideal in a very simple, direct, and truthful manner. He built a state that was dedicated to truth and justice and to the liberation of man throughout the world. He wrote to emperors, kings, and rulers, calling on them to believe in God and to follow His message, yet, at the same time, he lived a life of poverty, leaving aside the riches that were offered to him. At a time when the Prophet is much maligned by writers, cartoonists, and various other detractors, this book aims to show Muhammad's true character in detail, both in its most everyday and most extraordinary moments. Adil Salahi's writings include the acclaimed *Muhammad: Man and Prophet* and *Pioneers of Islamic Scholarship*, and the English translation of the eighteen-volume *In the Shade of the Qur'an*. His main career has been in radio and print journalism, and for over thirty years he was editor of "Islam in Perspective," a twice-weekly full-page column in the *Arab News*, a Saudi daily newspaper.

## **Islam and the People of the Book Volumes 1-3**

*Islam and the People of the Book* features three dozen scholarly studies on the treaties that the Prophet Muhammad concluded with Jewish, Samaritan, Christian, and Zoroastrian communities, along with translations of Six Covenants of the Prophet in over a dozen languages. The combined effort of over forty-five academics, intellectuals, and translators from around the world, this work powerfully confirms the conclusions drawn by Dr John Andrew Morrow in his critically-acclaimed book on *The Covenants of the Prophet Muhammad with the Christians of the World*, offers unprecedented insight into the original intent of the Messenger of God, and sheds light on the pluralistic nature of the constitutional state that he created.

## **William S. Burroughs vs. The Qur'an**

When Michael Muhammad Knight sets out to write the definitive biography of his "Anarcho-Sufi" hero and mentor, writer Peter Lamborn Wilson (aka Hakim Bey), he makes a startling discovery that changes everything. At the same time that he grows disillusioned with his idol, Knight finds that his own books have led to American Muslim youths making a countercultural idol of him, placing him on the same pedestal that he had given Wilson. In an attempt to forge his own path, Knight pledges himself to an Iranian Sufi order that Wilson had almost joined, attempts to write the *Great American Queer Islamo-Futurist Novel*, and even creates his own mosque in the wilderness of West Virginia. He also employs the "cut-up" writing method of Bey's friend, the late William S. Burroughs, to the Qur'an, subjecting Islam's holiest scripture to literary experimentation. *William S. Burroughs vs. the Qur'an* is the struggle of a hero-worshiper without heroes and the meeting of religious and artistic paths, the quest of a writer as spiritual seeker.

## **Understanding Jesus and Muhammad**

Jesus and Muhammad are arguably the two most influential individuals who have ever lived. Over half of the world today claims to follow them and the religions they founded: Christianity and Islam. But who were these two men? Where did they come from? What did they do and teach? And what was their vision for the future? This book answers all these questions, drawing on the earliest ancient documents we have about them. In the light of the current tensions that exist in the world, the future of civilisation may well depend on how humanity responds to Jesus and Muhammad.

## **Muhammad**

Acclaimed worldwide as the definitive biography of the Prophet Muhammad in the English language, Martin Lings' *Muhammad: His Life Based on the Earliest Sources* is unlike any other. Based on Arabic sources of the eighth and ninth centuries, of which some important passages are translated here for the first time, it owes the freshness and directness of its approach to the words of men and women who heard Muhammad speak and witnessed the events of his life. Martin Lings has an unusual gift for narrative. He has adopted a style which is at once extremely readable and reflects both the simplicity and grandeur of the story. The result is a book which will be read with equal enjoyment by those already familiar with Muhammad's life and those coming

to it for the first time. Muhammad: His Life Based to the Earliest Sources was given an award by the government of Pakistan, and selected as the best biography of the Prophet in English at the National Seerat Conference in Islamabad in 1983.

## **Muhammad and the People of the Book**

Muhammad and the People of Book by Sahaja Carimokam asks the question, what was the nature of Muhammad's relationship to non-Muslims, particularly Jews and Christians, and how did it change over time? This work is based on a chronological reading of the chapters of the Qur'an supplemented with Muslim commentary literature and biographical materials on the life of Muhammad. Carimokam traces Muhammad's evolving religious viewpoint based on his borrowings of primarily Jewish and some Christian traditional/apocryphal materials. He shows how Muhammad's inaccurate and anachronistic rendition of Jewish traditional literature ensured that the Jews would reject him as a Prophet. This rejection lead to his ultimatum to the Jews early in the Medinan period of the Qur'an and culminated with his call to Jihad against all non-Muslims, including those Jews and Christians who refused to acknowledge his Prophethood. The origins of takfir, declaring Muslims to be non-Muslims, are considered. Comparisons are made of moderate and traditional interpreters of the Qur'an. Historical-critical issues regarding the background provided by Muslim historical propaganda is considered in one chapter. The book concludes with a controversial issue for the interpretation of Islamic law in the 21st century based on the actual canonical practices of Muhammad.

## **The First Muslim**

The extraordinary life of the man who founded Islam, and the world he inhabited - and remade. Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, non-violence and violence, rejection and acclaim. *The First Muslim* illuminates not only an immensely significant figure but his lastingly relevant

legacy.

## **Young, Muslim and Criminal**

In recent years there has been significant negative attention towards young British male Muslims, who are perceived to be increasingly dangerous and criminal. However, few studies have attempted to understand their lived experiences. After spending four years with a group of young British Pakistani Muslim men who were accused of criminal acts, Qasim gained unique first-hand insight into their multifaceted lives. In this book he unwraps their lives, taking into account their socioeconomic situation, the make-up of their community, and the cultural and religious influences which impacted on them and their involvement in crime. He explores their identities and explains what role, if any, religion and Pakistani culture play in their criminal behavior. With a focus on the apparent link with gun crime and drug dealing, this important book exposes the complex nature of the young men's pathways into crime.

## **Psychology of Mohammed**

The book proves the absurdity of the Koran and the prophetship of Mohammed. It substantiates that the Koran is saturated with illogical and mendacious absurdities that cannot be believed. The goal of Mohammed was to gain power by pretending prophethood. He founded Islam by the dint of sword and prompted the nomads of Arabia to Islam by plundering the properties of those who rejected Islam. Thus, Islam is founded on the bases of terrorism and bloodshed. No one can disbelieve that Allah - the God of Islam - represents himself as a deceitful entity, an avenger, subduer, tyrant, killer, and so on. The verses of the Koran openly encourage Islamic followers to mercilessly kill non-Muslims. Allah also disavows pacifists, but promises to help those who fight in his name. Non-Muslims are unclean and should not be loved. Muslims who befriend infidels can no longer be considered Muslims. Opponents of Allah and His Apostle should be mutilated, executed, and crucified. Mohammed said, Paradise is under the shadow of swords. Mohammed ordered his opponents to be murdered inhumanly. Allah permitted Mohammed to commit any crime against his opponents. In brief, the Koran is actually a manual for terrorism and Hadith is the terrorist manifesto of Islam.

## **Islam without Extremes: A Muslim Case for Liberty**

“A delightfully original take on...the prospects for liberal democracy in the broader Islamic Middle East.”—Matthew Kaminski, Wall Street Journal As the Arab Spring threatens to give way to authoritarianism in Egypt and reports from Afghanistan detail widespread violence against U.S. troops and women, news from the Muslim world raises the question: Is Islam incompatible with freedom? In *Islam without Extremes*, Turkish columnist Mustafa Akyol answers this question by revealing the little-understood roots of political Islam, which originally included both rationalist, flexible strains and more dogmatic, rigid ones. Though the rigid traditionalists won out, Akyol points to a flourishing of liberalism in the nineteenth-century Ottoman Empire and the unique “Islam-liberal synthesis” in present-day Turkey. As he powerfully asserts, only by accepting a secular state can Islamic societies thrive. *Islam without Extremes* offers a desperately needed intellectual basis for the reconcilability of Islam and liberty.

## **Book Of Allah ( AL QURAN AL KARIM Or The Holy Quran ) ENGLISH TRANSLATION**

Book Of Allah ( AL QURAN AL KARIM or The Holy Quran ) The Quran ( Arabic ????????, al-Qurʿān, "the recitation" ) is the sacred text of Islam . For Muslims, it takes verbatim the word of God ( Allah ). This book is to this day the first and oldest authentic literary document known in Arabic; Muslim tradition presents it as the first work in Arabic, with the specific character of inimitability in beauty and in ideas. For Muslims, the Koran groups together the words of God, revelations ( ?yʿt ) made to the last prophet and messenger of God Muhammad ( ???? , Muḥammad, "the praised") from 610-612 until his death in 632 by 1 ' archangel Gabriel ( ?????, jibril ). The Koran is sometimes called simply al-kitāb ("the Book"), adh-dhikr ("the Reminder") or al-furqān ("the Discernment"). In this sense, it is, for Muslims, the expression of an uncreated attribute of God addressed to the intention of all humanity .

## **Tripping with Allah**

If *Tripping with Allah* is a road book, it's a road book in the tradition of *2001: A Space Odyssey*, rather than *On the Road*. Amazonian shamanism meets Christianity meets West African religion meets Islam in this work of reflection and inward adventure. Knight, the “Hunter S. Thompson of Islamic literature” seeks reconciliation between his Muslim identity and his drinking of ayahuasca, a psychedelic tea that has been used in the Amazon for centuries. His experience becomes an opportunity to investigate complex issues of drugs, religion, and modernity. Though essential for readers interested in Islam or the growing popularity of ayahuasca, this book is truly about neither Islam nor ayahuasca. *Tripping with Allah* provides an accessible look into the construction of religion, the often artificial borders dividing these constructions, and the ways in which religion might change in an increasingly globalized world. Finally, *Tripping with Allah* not only

explores Islam and drugs, but also Knight's own process of creativity and discovery.

## **The Divine Reality**

In *The Divine Reality*, (Newly Revised Edition 2019) Hamza Andreas Tzortzis provides a compelling case for the rational and spiritual foundations of Islam, whilst intelligently and compassionately deconstructing atheism. Join him on an existential, spiritual and rational journey that articulates powerful arguments for the existence of God, the Qur'an, the Prophethood of Muhammad and why we must know, love and worship God. He addresses academic and popular objections while showing how contemporary atheism is based on false assumptions about reality, which leads to incoherent answers to life's important questions. Does hope, happiness and human value make sense without the Divine? Do we have an ultimate purpose? Can we have consciousness and rational minds without God? Did the universe come from nothing? Does evil and suffering negate Divine mercy? Has scientific progress led to the denial of God? Are revelation and prophethood myths? Is God worthy of our worship? If you want to know how the Islamic intellectual and spiritual tradition answers these questions then this is the book for you. Hamza Andreas Tzortzis's new book presents a much needed comprehensive account of Islamic theism that draws upon Western and Islamic thought. Hamza Tzortzis is an international speaker, writer and instructor. He has a PgCert and an MA in philosophy and is currently continuing his postgraduate studies in the field. Hamza has studied Islamic thought and theology under qualified scholars. He has delivered workshops and courses on topics related to Islamic thought and philosophy. Hamza has debated prominent academics and thinkers on Islam and atheism.

## **The Miraculous Language of the Qur'an: Evidence of Divine Origin**

This study illustrates why the language of the Qur'an is miraculous, unique, and evidence of divine authority. The author compares the language of the Qur'an with the language of pre-Islamic poetry, the Prophet's words (hadith), and the language of the Arabs both past and present, to demonstrate that although the Qur'an was revealed in Arabic it was at the same time an Arabic which was entirely new. Original and early Muslim audiences viewed this as miraculous and responded to the Qur'an's words, sounds, rhythms, etc. in a manner consistent with a deeper appreciation of its beauty and majesty which modern ears, trained by familiarity, and despite being surrounded by all manner of dictionaries and studies, are at a loss to capture. The author attempts to remove this veil and present the Qur'an to readers as if hearing it for the first time, to bring to life some of this wonder. In doing so he guides readers to appreciate the beauty of the Qur'an, to become more immersed in it, and to have a clearer understanding of its structure and flow. Devoting special attention to Surah Al Muddaththir, to underpin his analysis, Saeh thus brings the Revelation to life, to demonstrate that

each surah has distinct features and characteristics that make it stand out uniquely within the design and sweep of the whole.

## **Ali vs. Inoki**

Named one of the "40 Best Books of 2016" by The New York Post "Inoki can use his bare fists. He can use karate. This is serious. There's \$10 million involved. I wouldn't pull a fraud on the public. This is real. There's no plan. The blood. The holds. The pain. Everything is going to be real. I'm not here in this time of my life to come out with some phony action. I want you to know this is real." —Muhammad Ali, June 14, 1976, The Tonight Show On June 26, 1976, Muhammad Ali fought in a mixed-rules contest against iconic pro wrestling champion Antonio Inoki for the so-called "martial arts championship of the world." Broadcast from Tokyo to a potential audience of 1.4 billion in 34 countries, the spectacle foreshadowed and, in many ways, led to the rise of mixed martial arts as a major sport. The unique contest was controversial and panned by wrestling and boxing supporters alike, but the real action was behind the scenes. Egos, competing interests, and a general sense of apprehension over what would happen in the ring led to hodgepodge rules thrown together at the last minute. Bizarre plans to "save" Ali if the fight got out of hand were even concocted. In *Ali vs. Inoki*, author Josh Gross gets inside Ali's head leading up to the match by resurrecting pre-fight interviews. ## **The Burh?n**

In *The Burh?n* Mohammad Hijab analyses Ibn S?n?'s argument for the existence of God. Regards as being most invulnerable to any type of counterattack, Ibn S?n?'s *Burh?n* argument postulates that a world with only contingent existences is inconceivable, as a contingent existence cannot cause itself. Ibn S?n? argues that the only way to explain the existence of anything is to postulate the existence of auncaused necessary being, or a w?jib al-wuj?d ('necessary existence'). However, despite its impact, the *Burh?n* has not been packaged for apologetic use for a modern audience. Hijab's novel contribution to the discourse surrounding God's existence is found in his re-articulation of this argument for theists attempting to make the case for religion to atheist audiences. Using the *Burh?n* as his guide, Hijab provides his own proofs for the necessary existence of God and answers some of the most prominent objections. Hijab applies the arguments for a necessary being by referring to potential pastoral and apologetic settings using two fictitious characters, Richard and Betty.

## **The Condemnation of Blackness**

Winner of the John Hope Franklin Prize A Moyers & Company Best Book of the Year "A brilliant work that tells us how directly the past has formed us." —Darryl Pinckney, New York Review of Books How did we come to think of race as synonymous with crime? A brilliant and deeply disturbing biography of the idea of black criminality in the making of modern urban America, *The Condemnation of Blackness* reveals the influence this pernicious myth, rooted in crime statistics, has had on our society and our sense of self. Black crime statistics have shaped debates about everything from public education to policing to presidential elections, fueling racism and justifying inequality. How was this statistical link between blackness and criminality initially forged? Why was the same link not made for whites? In the age of Black Lives Matter and Donald Trump, under the shadow of Ferguson and Baltimore, no questions could be more urgent. "The role of social-science research in creating the myth of black criminality is the focus of this seminal work...[It]

shows how progressive reformers, academics, and policy-makers subscribed to a 'statistical discourse' about black crime...one that shifted blame onto black people for their disproportionate incarceration and continues to sustain gross racial disparities in American law enforcement and criminal justice." —Elizabeth Hinton, *The Nation* "Muhammad identifies two different responses to crime among African-Americans in the post-Civil War years, both of which are still with us: in the South, there was vigilantism; in the North, there was an increased police presence. This was not the case when it came to white European-immigrant groups that were also being demonized for supposedly containing large criminal elements." —*New Yorker*

## **Blood Brothers**

The basis of the Netflix documentary *BLOOD BROTHERS*, the first book to bring to life the fateful

friendship between Malcolm X and Muhammad Ali In 1962, boxing writers and fans considered Cassius Clay an obnoxious self-promoter, and few believed that he would become the heavyweight champion of the world. But Malcolm X, the most famous minister in the Nation of Islam, saw the potential in Clay, not just for boxing greatness, but as a means of spreading the Nation's message. The two became fast friends, keeping their interactions secret from the press for fear of jeopardizing Clay's career. Clay began living a double life—a patriotic “good negro” in public, and a radical reformer behind the scenes. Soon, however, their friendship would sour, with disastrous and far-reaching consequences. Based on previously untapped sources, from Malcolm's personal papers to FBI records, *Blood Brothers* is the first book to offer an in-depth portrait of this complex bond. An extraordinary narrative of love and deep affection, as well as deceit, betrayal, and violence, this story is a window into the public and private lives of two of our greatest national icons, and the tumultuous period in American history that they helped to shape.

## Muhammad

The Prophet Muhammad's treaties with the Christians of his time, which John Andrew Morrow has rediscovered in obscure collections and often newly translated, uniformly state that Muslims are not to attack peaceful Christian communities, but defend them until the End of the World. Authored by the Prophet himself, they represent a third foundational pillar for Islam outside of Qur'an and hadith. The Covenants Initiative within the book represents a movement by Muslims, both prominent and unknown, in support of Christians under attack. These treaties desperately need to be better known among Christians, Muslims, and the general public. For scholars, this book provides much difficult-to-obtain material: facsimiles of primary sources in Arabic and Persian; corrected versions in modern Arabic typescript; and alternate translations. They now have all they need to study the covenants in depth. "This narrative has the power to unite Muslim and Christian communities. A work of scholarship, its release is timely, and its content critical in fostering mutual respect and religious freedom."--IMAM FEISAL ABDUL RAUF, Chairman, Cordoba Initiative "In his indispensable contribution to the study of the Abrahamic faiths, John Andrew Morrow tells the story of how the Prophet Muhammad used his desert experiences of hospitality and protection to bring Muslims and Christians together."--JOSEPH HOBBS, University of Missouri "These letters from the Prophet Muhammad to Christian communities can serve to inspire both Muslims and Christians about our ability to live together as God's people, as friends, as neighbors, and as custodians of the same small planet."--OMID SAFI, University of North Carolina "With painstaking effort and much dedication invested in this groundbreaking work, Professor Morrow will surely manage to attract the attention of Islamic studies students and specialists."--AMAR SELAM, Mohamed I University "This book documents what is possibly the third foundational source of Islam: the Prophet's treaties and covenants among people of the Abrahamic faiths. Dr. Morrow brings forth exceptionally important findings that dictate peaceful coexistence among Jews, Christians, and Muslims."--BRIDGET BLOMFIELD, University of Nebraska

## **The Covenants of the Prophet Muhammad with the Christians of the World**

The inspirational story of how Nobel Prize winner Muhammad Yunus invented microcredit, founded the Grameen Bank, and transformed the fortunes of millions of poor people around the world. Muhammad Yunus was a professor of economics in Bangladesh, who realized that the most impoverished members of his community were systematically neglected by the banking system -- no one would loan them any money. Yunus conceived of a new form of banking -- microcredit -- that would offer very small loans to the poorest people without collateral, and teach them how to manage and use their loans to create successful small businesses. He founded Grameen Bank based on the belief that credit is a basic human right, not the privilege of a fortunate few, and it now provides \$24 billion of micro-loans to more than nine million families. Ninety-seven percent of its clients are women, and repayment rates are over 90 percent. Outside of Bangladesh, micro-lending programs inspired by Grameen have blossomed, and serve hundreds of millions of people around the world. The definitive history of micro-credit direct from the man that conceived of it, Banker to the Poor is the moving story of someone who dreamed of changing the world -- and did.
