Professional Wrestling in Mississippi: A History

Bounce off the ropes for a high-flying jaunt through the history of Magnolia State professional wrestling. At its peak, professional wrestling was arguably the most popular sport in Mississippi. The pageantry and colorful personalities appealed to grandparents and grandchildren alike. Author Jeffrey Martin invites readers to step inside the squared circle and revisit everything from the carnival wrestling days of the late 1800s to the chiseled melodrama of modern wrestling. Along the way, readers will learn about Billy Romanoff, the old-school wrestler turned promoter who made wrestling a weekly staple at the Jackson City Auditorium; Jerry Lawler and Bill Dundee, who brought down the house on Friday nights at the Tupelo Sports Arena; and George and Gil Culklin, the father-and-son duo who split with \"Cowboy\" Bill Watts to create their own Mississippi territory, kickstarting the careers of Kamala, Terry Gordy, Michael Hayes and many other pivotal figures.

Fleeing Hitler

Wednesday 12th June 1940. The Times reported 'thousands upon thousands of Parisians leaving the capital by every possible means, preferring to abandon home and property rather than risk even temporary Nazi domination'. As Hitler's victorious armies approached Paris, the French government abandoned the city and its people, leaving behind them an atmosphere of panic. Roads heading south filled with ordinary people fleeing for their lives with whatever personal possessions they could carry, often with no particular destination in mind. During the long, hard journey, this mass exodus of predominantly women, children, and the elderly, would face constant bombings, machine gun attacks, and even starvation. Using eyewitness accounts, memoirs, and diaries, Hanna Diamond shows how the disruption this exodus brought to the lives of civilians and soldiers alike made it a defining experience of the war for the French people. As traumatized populations returned home, preoccupied by the desire for safety and bewildered by the unexpected turn of events, they put their faith in Marshall Pétain who was able to establish his collaborative Vichy regime largely unopposed, while the Germans consolidated their occupation. Watching events unfold on the other side of the channel, British ministers looked on with increasing horror, terrified that Britain could be next.

Cook, Eat, Repeat

Food, for me, is a constant pleasure: I like to think greedily about it, reflect deeply on it, learn from it; it ... More than just a mantra, \"cook, eat, repeat\" is the story of my life.' Cook, Eat, Repeat is a delicious and delightful combination of recipes intertwined with narrative essays about food. With over 150 recipes, this is the perfect gift for every foodie in your life. Whether asking 'What is a Recipe?' or declaring death to the Guilty Pleasure, Nigella's wisdom about food and life comes to the fore, with tasty new recipes that readers will want to return to again and again. Hearings

"A fortune in gems, star-crossed lovers, the sole survivor of a ferocious blast, these are the ingredients of a deadly game played out on the same Midwestern checkerboard where Dillinger, 'Baby-Face' Nelson, and Bonnie and Clyde made their moves. Inspired by the historical event of the powder-house blowup on New Year's Eve of 1936, the fiction spirals outward to encompass the down-and-outers of the criminal underworld, the international diamond trade, and a world bracing for war."--Jacket.

Craft practice has a rich history and remains vibrant, sustaining communities while negotiating cultures within local or international contexts. More than two centuries of industrialization have not extinguished handmade goods; rather, the broader force of industrialization has redefined and continues to define the context of creation, deployment and use of craft objects. With object study at the core, this book brings together a collection of essays that address the past and present of craft production, its use and meaning within a range of community settings from the Huron Wendat of colonial Quebec to the Girls? Friendly Society of twentieth-century England. The making of handcrafted objects has and continues to flourish despite the powerful juggernaut of global industrialization, whether inspired by a calculated refutation of industrial sameness, an essential means to sustain a cultural community under threat, or a rejection of the imposed definitions by a dominant culture. The broader effects of urbanizing, imperial and globalizing projects shape the multiple contexts of interaction and resistance that can define craft ventures through place and time. By attending to the political histories of craft objects and their makers, over the last few centuries, these essays reveal the creative persistence of various hand mediums and the material debates they represented.

'MAKES YOU WANT TO BUY A PLANE TICKET AND IMMERSE YOURSELF IN DEEPEST FRANCE' Irish Independent Millions of readers worldwide are talking about the Dordogne Mysteries and their hero, Bruno, Chief of Police. Join them in this entertaining and compelling read and find out why the world of Bruno is so engaging. One of the glories of French cuisine leads to murder in this thrilling mystery set in the idyllic French town of St Denis. At the heart of French gastronomy lies the famed black truffle of the Périgord. But France's truffles are being adulterated with cheaper ones from China, and it seems that Chinese organised crime is behind the fraud. In St Denis market, a Vietnamese family has been selling their dishes for years, until their stall is wrecked by attackers who look Chinese. Again it appears that organised crime is behind the outrage, firing the opening shots of a Viet-Chinese triad war. When vicious murder, illegal immigration and the importation of underage girls for prostitution are added to the mix, Bruno has his work cut out to keep St Denis from tearing itself apart.

Craft, Community and the Material Culture of Place and Politics, 19th-20th Century

"Savaged to Suit: Māori and cartooning in New Zealand is a pioneering study by Paul Diamond. In the earliest cartoons featuring Māori, they appeared as fearsome savages; today they are likely to be drawn in corporate-world suits. The book concentrates on the period from the 1930s to the 1990s, but also looks back to the first cartoons showing Māori and includes 21st century images. Savaged to Suit looks at how Māori and Māori culture and life were seen by cartoonists in a succession of stereotypes over many decades of changing perceptions and attitudes. The book considers how these stereotypes criticised Māori and their culture – sometimes savagely – to 'suit' cartoonists' agendas. Chapters deal with cultural practices, material culture, Māori language, politics, the Treaty of Waitangi, Māori in time of war, and the significance of sport. Paul Diamond also looks at the work and approaches taken by the small number of Māori cartoonists. The book features 250 cartoons – the first ever collection that captures the attitudes and feelings of each period and underlines the importance of editorial cartoons as valuable historical sources"--Inside front flap.

Shakespearean Illuminations

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—American Journal of Psychiatry

Black Diamond

A veteran music journalist argues that the rise of music streaming and the consolidation of digital platforms

Bruno Paul Diamond

is decimating the musical landscape, with dire consequences for the future of our culture ... In *The Endless Refrain*, former Washington Post writer and editor David Rowell lays out how commercial and cultural forces have laid waste to the cultural ecosystems that have produced decades of great American music. From the scorched-earth demonetizing of artist revenue accomplished by Spotify and its ilk to the rise of dead artists “touring” via hologram, Rowell examines how a perfect storm of conditions have drained our shared musical landscape of vitality. Combining personal memoir, intimate on-the-ground reporting, industry research, and cultural criticism, Rowell’s book is a powerful indictment of a music culture gone awry, driven by conformity and subverted by the ways the internet and media influence what we listen to and how we listen to it.

Savaged to Suit

The extraordinary life of Australia's first international racehorse, from creating new records in Australia to his life in California, where he won the Hollywood Gold Cup In wartime Sydney, a small and weedy racehorse kicked his way through the top tier of Australian racing. He was Shannon, one of the fastest horses the nation had ever seen. Between 1943 and 1947, Shannon broke record after record with his garrulous jockey Darby Munro. When they sensationally lost the Epsom Handicap by six inches, they forever were stamped by the race they didn't win. Sold in August 1947 for the highest price ever paid at auction for an Australian thoroughbred, Shannon ended up in America. Through headline-snatching pedigree flaws, acclimatization, and countless hardships, he blitzed across the ritzy, glitzy racetracks of 1948 California. Smashing track records, world records, and records set by Seabiscuit, the Australian bolted into world fame with speed and courage that defied all odds. Long before *Black Caviar*, *So You Think*, and *Takeover Target*, Shannon was Australia's first international racehorse. Starring Hall of Fame trainers and jockeys, Hollywood lawyers, and legends Bernborough and Citation, this is his tremendous story.

The Origin of Consciousness in the Breakdown of the Bicameral Mind

Shortly before his 44th birthday, John Diamond received a call from the doctor who had removed a lump from his neck. Having been assured for the previous 2 years that this was a benign cyst, Diamond was told that it was, in fact, cancerous. Suddenly, this man who'd until this point been one of the world's greatest hypochondriacs, was genuinely faced with mortality. And what he saw scared the wits out of him. Out of necessity, he wrote about his feelings in his *TIMES* column and the response was staggering. Mailbag followed Diamond's story of life with, and without, a lump - the humiliations, the ridiculous bits, the funny bits, the tearful bits. It's compelling, profound, witty, in the mould of *THE DIVING BELL & THE BUTTERFLY*.

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or

give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.
