The Glass Palace

When Americans read in today's news that Qatar is funding rebel groups across the Middle East, few of us have any idea what Qatar is or how it is run. A nation of perhaps 250,000 locals served by 1.35 million foreign workers, the emirate is burning its gas and oil revenue at a break-neck pace in an effort to build a position on the global stage. Is Qatar actually a suitable ally or a legitimate partner for the United States? Under Qatari labor law, foreign workers are actually owned, for all practical purposes, by their Qatari sponsors in a system akin to slavery. This book chronicles the experience of an American executive working in Qatar and delves into Qatar's feudal work-sponsorship system, showing that an economic great leap forward is not necessarily accompanied by modernization, despite superficial emblems; that prosperity and democracy need not go hand in hand; and that being a US ally may be totally unrelated to any notion of human rights or personal liberties. There are other Western expats still trapped in Qatar. Yet American workers, students and others blithely interact with Qatar as if it were a 'normal' (i.e., Westernized) nation where one may navigate with confidence. It is nothing of the sort. In the meantime Qatar, under the leadership of an emir who overthrew his own father, is fostering international unrest across the entire Arab world, while racing to build a modern-looking city from scratch. Some of the economic, environmental and demographic assumptions underlying these plans are worthy of another 1000 tales from Arabia. American businessman Nasser Beydoun found out for himself how quickly the Qataris are moving when he embarked

on an exciting new career path, leaving his hometown of Dearborn, Michigan, to move to Qatar to manage the opening of several chain restaurants as part of the sudden economic boom there. It didn't take long for the deal to turn sour, but Beydoun didn't realize the extent of his problem until he tried to leave the country — and was stopped at the border. In this book he paints a general picture of life in this fantastical realm while relaying his personal struggle to escape a legal runaround worthy of Kafka's novels.

Novelist and journalist Ghosh has offered firsthand accounts of pivotal world events over the past twenty years. He is an essential voice in forums like *The Nation*, the *New York Times*, the *New Republic*, *Granta*, and *The New Yorker*. This book brings together the finest of these pieces for the first time--including many never before published in the U.S.--in a compelling chronicle of the turmoil of our times. In his travels he has walked amid the devastation of the 2004 tsunami, stood on an icy mountaintop on the contested border between India and Pakistan, interviewed Pol Pot's sister-in-law in Cambodia, shared the elation of Egyptians when Naguib Mahfouz won the Nobel Prize, and stood with his threatened Sikh neighbors through the riots following Indira Gandhi's assassination. With intelligence and authentic sympathy, he \"illuminates the human drama behind the headlines\" (*Publishers Weekly*). *Incendiary Circumstances* is testimony of an era defined by the ravages of politics and nature.--From publisher description.

Incendiary Circumstances

The thrilling climax to the Ibis trilogy that began with the phenomenal Booker-shortlisted *Sea of Poppies*. It is 1839 and tension has been rapidly mounting between China and British India following the crackdown on opium smuggling by Beijing. With no resolution in sight, the colonial government declares war. One of the vessels requisitioned for the attack, the *Hind*, travels eastwards from Bengal to China, sailing into the midst of the First Opium War. The turbulent voyage brings together a diverse group of travellers, each with their own agenda to pursue. Among them is Kesri Singh, a sepoy in the East India Company who leads a company of Indian sepoys; Zachary Reid, an impoverished young sailor searching for his lost love, and Shireen Modi, a determined widow en route to China to reclaim her opium-trader husband's wealth and reputation. *Flood of Fire* follows a varied cast of characters from India to China, through the outbreak of the First Opium War and China's devastating defeat, to Britain's seizure of Hong Kong. *Flood of Fire* is a thrillingly realised and richly populated novel, imbued with a wealth of historical detail, suffused with the magic of place and plotted with verve. It is a beautiful novel in its own right, and a compelling conclusion to an epic and sweeping story - it is nothing short of a masterpiece.

Flood of Fire

SHORTLISTED FOR THE BOOKER PRIZE The inspiration for the major motion picture *The Affair*, now available on demand. Cool. Balanced. Modern. The precisions of science, the wild variance of lust, the catharsis of confession and the fear of failure - these are things that happen in the Glass Room. High on a Czechoslovak hill, the Landauer House shines as a wonder of steel and glass and onyx built specially for newlyweds Viktor and Liesel Landauer, a Jew married to a gentile. But the radiant honesty of 1930 that the house, with its unique Glass Room, seems to engender quickly tarnishes as the storm clouds of WW2 gather, and eventually the family must flee, accompanied by Viktor's lover and her child. But the house's story is far from over, and as it passes from hand to hand, from Czech to Russian, both the best and the worst of the

history of Eastern Europe becomes somehow embodied and perhaps emboldened within the beautiful and austere surfaces and planes so carefully designed, until events become full-circle.

The Glass Room

Amitav Ghosh's extraordinary novel makes a claim on literary turf held by Gabriel García Márquez and Salman Rushdie. In a vivid and magical story, *The Circle of Reason* traces the misadventures of Alu, a young master weaver in a small Bengali village who is falsely accused of terrorism. Alu flees his home, traveling through Bombay to the Persian Gulf to North Africa with a bird-watching policeman in pursuit.

The Circle of Reason

Traditional education revolves around the teaching of technical skills, especially within STEM fields. However, soft skills—broadly, communication and intrapersonal skills—are essential within all fields, especially those frequently involving research and collaboration. However, the focus on teaching students to be adept communicators and team members remains woefully underdeveloped. *Innovations and Technologies for Soft Skill Development and Learning* is a pivotal reference source that explores the mental and psychological growth of individual learners at different stages of education concerning soft skills and the need for innovation and creativity to lead a successful career. Highlighting topics including higher education, emotional intelligence, and student behavior, this book is ideally designed for educators, curriculum developers, instructional designers, administrators, policymakers, academicians, researchers, and students.

Innovations and Technologies for Soft Skill Development and Learning

Opening in Calcutta in the 1960s, Amitav Ghosh's radiant second novel follows two families -- one English, one Bengali -- as their lives intertwine in tragic and comic ways. The narrator, Indian born and English educated, traces events back and forth in time, from the outbreak of World War II to the late twentieth century, through years of Bengali partition and violence, observing the ways in which political events invade private lives.

Guide to the Crystal Palace and Its Park and Gardens

In *Rise to Rebellion*, bestselling author Jeff Shaara captured the origins of the American Revolution as brilliantly as he depicted the Civil War in *Gods and Generals* and *The Last Full Measure*. Now he continues the amazing saga of how thirteen colonies became a nation, taking the conflict from kingdom and courtroom to the bold and bloody battlefields of war. It was never a war in which the outcome was obvious. Despite their spirit and stamina, the colonists were outmanned and outfought by the brazen British army. General George Washington found his troops trounced in the battles of Brooklyn and Manhattan and retreated toward Pennsylvania. With the future of the colonies at its lowest ebb, Washington made his most fateful decision: to cross the Delaware River and attack the enemy. The stunning victory at Trenton began a saga of victory and defeat that concluded with the British surrender at Yorktown, a moment that changed the history of the world. The despair and triumph of America's first great army is conveyed in scenes as powerful as any Shaara has written, a story told from the points of view of some of the most memorable characters in American history. There is George Washington, the charismatic leader who held his army together to achieve an unlikely victory; Charles Cornwallis, the no-nonsense British general, more than a match for his colonial counterpart; Nathaniel Greene, who rose from obscurity to become the finest battlefield commander in Washington's army; The Marquis de Lafayette, the young Frenchman who brought a soldier's passion to America; and Benjamin Franklin, a brilliant man of science and philosophy who became the finest statesman of his day. From Nathan Hale to Benedict Arnold, William Howe to "Light Horse" Harry Lee, from Trenton and Valley Forge, Brandywine and Yorktown, the American Revolution's most immortal characters and poignant moments are brought to life in remarkable Shaara style. Yet, *The Glorious Cause* is more than just a story of the legendary six-year struggle. It is a tribute to an amazing people who turned ideas into action and

fought to declare themselves free. Above all, it is a riveting novel that both expands and surpasses its beloved author's best work.

The Shadow Lines

A gorgeous memoir about the 17 year estrangement of the author and her homeless schizophrenic mother, and their reunion.

The Memory Palace

The Crystal Palace was built in Hyde Park to house the treasures of the world for the Great Exhibition of 1851. It became a microcosm of Victorian life, industry and leisure, reflecting every aspect of its age. Designed by Joseph Paxton as a temporary structure its success meant that when it closed it was moved to Sydenham and rebuilt. "... widely regarded as the most authoritative book written about the history of the famous glass Crystal Palace ..." Kentish Times

The Hungry Tide

Shortlisted for the Man Booker Prize 2008 'Sea of Poppies boasts a varied collection of characters to love and hate, and provides wonderfully detailed descriptions . . . utterly involving and piles on tension until the very last page' Sunday Times At the heart of this epic saga, set just before the Opium Wars, is an old slaving-ship, the Ibis. Its destiny is a tumultuous voyage across the Indian Ocean, its crew a motley array of sailors and stowaways, coolies and convicts. In a time of colonial upheaval, fate has thrown together a truly diverse cast of Indians and Westerners, from a bankrupt Raja to a widowed villager, from an evangelical English opium trader to a mulatto American freedman. As their old family ties are washed away they, like their historical counterparts, come to view themselves as jahaj-bhais or ship-brothers. An unlikely dynasty is born, which will span continents, races and generations. The vast sweep of this historical adventure spans the lush poppy fields of the Ganges, the rolling high seas, and the exotic backstreets of China. But it is the panorama of characters, whose diaspora encapsulates the vexed colonial history of the East itself, which makes *Sea of Poppies* so breathtakingly alive - a masterpiece from one of the world's finest novelists.

In this extraordinary novel, Amitav Ghosh navigates through time and genres to present a unique tale. Beginning at an unspecified time in the future and ranging back to the late nineteenth century, the reader follows the adventures of the enigmatic L. Murugan. An authority on the Nobel Prize-winning scientist Sir Ronald Ross, who solved the malaria puzzle in Calcutta in 1898, Murugan is in search of the elusive 'Calcutta Chromosome'. With its astonishing range of characters, advanced computer science, religious cults and wonderful portraits of Victorian and contemporary India, *The Calcutta Chromosome* expands the scope of the novel as we know it, as Amitav Ghosh takes on the avatar of a science thriller writer.

Sea of Poppies

This volume covers one of the most influential buildings of the 19th century. Joseph Paxton's Crystal Palace was the first public building to omit references to the past. Amid the historicist debates and battle of the styles of mid-19th-century Britain, Paxton's design was rational and straightforward.

'A damn fine novel . . . haunting and evocative and immersive' George R R Martin, author of *A Game of Thrones* The extraordinary novel from the bestselling, award-winning author of *Station Eleven*. Vincent is the beautiful bartender at the Hotel Caiette, a five-star glass-and-cedar palace on the northernmost tip of Vancouver Island. New York financier Jonathan Alkaitis owns the hotel. When he passes Vincent his card with a tip, it's the beginning of their life together. That same day, a hooded figure scrawls a note on the windowed wall of the hotel: 'Why don't you swallow broken glass.' Leon Prevant, a shipping executive for a company called Neptune-Avramidis, sees the note from the hotel bar and is shaken to his core. Thirteen years later Vincent mysteriously disappears from the deck of a Neptune-Avramidis ship. Weaving together the lives of these characters, Emily St. John Mandel's *The Glass Hotel* moves between the ship, the towers of Manhattan, and the wilderness of remote British Columbia, painting a breathtaking picture of greed and guilt, fantasy and delusion, art and the ghosts of our pasts. ONE OF BARACK OBAMA'S FAVOURITE BOOKS OF 2020 PRAISE FOR THE GLASS HOTEL 'A lovely, beautifully written and constructed novel that I couldn't put down, full of memorable, unusual characters... Mandel's agility with time in this story was a marvel.' Kristin Hannah, author of *The Nightingale* 'Elegant . . . beguiling . . . the joys of *The Glass Hotel* are participatory: piecing together the connections and intersections of Mandel's human cartography, a treasure map ripped to pieces' Guardian 'Though its characters were inspired by Bernie Madoff, his victims, and his enablers, there's much more to this novel than ripped-from-the-headlines voyeurism; it's a gorgeously constructed tapestry, each jewellike sentence building to one of the most devastating, moving endings in recent memory. I read it when I was feeling uniquely exhausted by the demands of COVID-era living; I still couldn't put it down.' Vanity Fair 'Long-anticipated... At its heart, this is a ghost story in which every boundary is blurred, from the moral to the physical... In luminous prose, Mandel shows how easy it is to become caught in a web of unintended consequences and how disastrous it can be when such fragile bonds shatter under pressure. A strange, subtle, and haunting novel.' Kirkus Reviews, starred 'The Glass Hotel is a masterpiece, just as good - if not better - than its predecessor. It's a stunning look at how people react to disasters, both small and large, and the temptation that some have to give up when faced with tragedy.' NPR 'A wondrously entertaining novel... The Glass Hotel is never dull. Tracing the permutations of its characters' lives, from depressing apartments in bad neighborhoods to posh Dubai resorts to Manhattan bars, Colorado campgrounds, and the Edinburgh Fringe Festival is like following the intricate patterns on Moroccan tiles.' Slate 'Mandel's wonderful novel (after *Station Eleven*) follows a brother and sister as they navigate heartache, loneliness, wealth, corruption, drugs, ghosts, and guilt... This ingenious, enthralling novel probes the tenuous yet unbreakable bonds between people and the lasting effects of momentary carelessness.' Publishers Weekly, starred

A brilliant, ambitious follow-up to *The Secret Lives of Buildings*, in which Hollis turns his focus from the great architectural constructions of the past to the now-vanished chambers they once contained. The rooms we live in are always more than just four walls. As we decorate these spaces and fill them with objects and friends, they shape our lives and become the backdrop to our sense of self. In this dazzling work of imaginative reconstruction, Edward Hollis takes us to the sites of great abodes now lost to history and piecing together the fragments that remain, re-creates their vanished chambers. From Rome's palatine to the old palace of Westminster and the petit Trianon at Versailles, from the sets of MGM studios in Hollywood to the pavilions of the Crystal Palace and the author's own grandmother's sitting room, *The Memory Palace* is a glittering treasure trove of luminous forgotten places and the alluring people who lived in them.

The marble halls of the British Museum might seem the natural habitat for classical sculpture, but in the nineteenth century its sombre displays were far from being the only place that people encountered antiquities. From 1854, a rival collection of classical sculpture, comprising plaster casts from major European museums and scaled down architectural features, was on show in the South London suburb of Sydenham, in the Crystal Palace which had housed the Great Exhibition of 1851. By the late 1850s, two million visitors were passing through the glass doors of the Sydenham Crystal Palace each year, more than twice as many as recorded at the British Museum. Many more people, and from a greater variety of social strata, saw the painted cast of the Parthenon frieze in Sydenham than the original in Bloomsbury. Utilizing an extensive variety of archival material, including diaries, scrapbooks and photographs, *Greece and Rome at the Crystal Palace* evokes visitor experiences at Sydenham, and examines the discussion that arose around the presentation of classical plaster casts to a mass audience. It uncovers the social, political, and aesthetic role of ancient Greek and Roman sculpture in modern Britain, assessing how classical art figured in debates over design reform, taste,

beauty and morality, class and gender, and race and imperialism.

'A glorious green adventure story.' Ann Treneman, The Times 'Books of the Year' 'The most enthralling historical book I've read this year.' Claire Tomalin, New Statesman 'Books of the year' Daringly innovative when it opened in 1848, the Palm House in Kew Gardens remains one of the most beautiful glass buildings in the world today. Seemingly weightless, vast and yet light, the Palm House floats free from architectural convention, at once monumental and ethereal. From a distance, the crowns of the palms within are silhouetted in the central dome; close to, banana leaves thrust themselves against the glass. To enter it is to enter a tropical fantasy. The body is assaulted by heat, light and the smell of damp vegetation. In Palace of Palms, Kate Teltscher tells the extraordinary story of its creation and of the Victorians' obsession with the palms that filled it. It is a story of breathtaking ambition, of scientific discovery and, crucially, of the remarkable men whose vision it was. The Palm House was commissioned by the charismatic first Director of Kew, Sir William Hooker, designed by the audacious Irish engineer, Richard Turner, and managed by Kew's forthright curator, John Smith, who battled with boilers and floods to ensure the survival of the rare and wondrous plants it housed.

The glasshouses of the nineteenth century represent a remarkable confluence of opposites in architecture and technology. The architecture was designed to create an artificial climate in which people could return to paradise, and yet the technical means employed were also basic to the century's developing industrial grime - the other side of paradise. Enriched by more than 700 illustrations, *Houses of Glass* chronicles these pristine structures as they evolved from hothouses into exhibition halls, ballrooms, and theaters. Georg Kohlmaier is an architect and Barna von Sartory a sculptor. They have collaborated on many books and articles on contemporary architecture.

The Golem and the Djinni

Such a Long Journey is set in (what was then) Bombay against the backdrop of war in the Indian subcontinent and the birth of Bangladesh, telling the story of the peculiar way in which the conflict impinges on the lives of Gustad Noble, an ordinary man, and his family. It was the brilliant first novel by one of the most remarkable writers to have emerged from the Indian literary tradition in many years. It was shortlisted for the 1991 Booker Prize, and won the 1992 Commonwealth Writers Prize.

The Glassmaker's Daughter

In a story of wide and fascinating detail A. J. Cronin tells of Dr. David Morey who tries to atone for his desertion of the woman he loved. Beguiled by the prospect of riches he goes on to marry Dottie, a spoiled but beautiful neurotic who brings him almost constant misery, until a chance remark makes him seek retribution in memories of the past and a return to his native Scotland. In the magnificent narrative tradition of *The Citadel*, *The Stars Look Down* and Cronin's other classic novels, *The Judas Tree* is a great book by a much-loved author.

Houses of Glass

This book presents 47 photographs, which were all taken in 1859 by Philip Henry Delamotte and showed the interior of the Crystal Palace after it had been rebuilt in Sydenham, London and before it was destroyed for the first time by fire in 1866. These photographs are now housed in English Heritage's photographic archive, the National Monuments Record. All 47 photographs are beautifully reproduced in this book, as well as shots of the building in its original Hyde Park site where it was built for the great exhibition of 1851. Also included are views of the Crystal Palace when it was rebuilt after the 1866 fire and then when it was destroyed again by fire in 1936. The book also tells the story of this legendary Victorian pleasure dome and its many incarnations. Much of our previous knowledge of this important building and its contents came almost entirely from engravings. The reproduction of these high quality original photographs allows, for the first time, a much fuller appreciation of one of the most important architectural and cultural features of mid-Victorian England, which in its heyday was visited by many millions of people.

Such a Long Journey

Beatrice Colin's *The Glass House* is a gorgeously transporting novel filled with turn-of-the-century detail and lush blooms, about two women from vastly different worlds Scotland, 1912. Antonia McCulloch's life hasn't gone the way she planned. She and her husband, Malcolm, have drifted apart; her burgeoning art career came to nothing; and when she looks in the mirror, she sees disappointment. But at least she will always have Balmarra, her family's grand Scottish estate, and its exquisite glass house, filled with exotic plants that can take her far away. When her estranged brother's wife, Cicely Pick, arrives unannounced, with her young daughter and enough trunks to last the summer, Antonia is instantly suspicious. What besides an inheritance dispute could have brought her glamorous sister-in-law all the way from India? Still, Cicely introduces excitement and intrigue into Antonia's life, and, as they get to know one another, Antonia realizes that Cicely has her own burdens to bear. Slowly, a fragile friendship grows between them. But when the secrets each are keeping become too explosive to conceal, the truth threatens their uneasy balance and the course of their

entire lives.

The Judas Tree

"Esherick looks at familiar historical events and processes anew, enriching that history with great personal depth. There is really nothing like it."—William T. Rowe, author of *China's Last Empire: The Great Qing*
"A uniquely revealing and humanizing prism through which to view the fascinating human drama of modern Chinese history, replete with information for both longtime students of China and newcomers alike. An absolutely splendid book."—Elizabeth Perry, author of *Patrolling the Revolution: Worker Militias, Citizenship and the Modern Chinese State*

Delamotte's Crystal Palace

A new edition of what is commonly seen as the legendary Norwegian writer's masterpiece, this story tells the tale of Siss and Unn, two friends who have only spent one evening in each other's company. But so profound is this evening between them that when Unn inexplicably disappears, Siss's world is shattered. Siss's struggle with her fidelity to the memory of her friend and Unn's fatal exploration of the strange, terrifyingly beautiful frozen waterfall that is the Ice Palace are described in prose of a lyrical economy that ranks among the most memorable achievements of modern literature.

The Glass House

'As hypnotic as an opium dream and pretty unputdownable' *Daily Mail* In September 1838 a storm blows up on the Indian Ocean and the *Ibis*, a ship carrying a consignment of convicts and indentured laborers from Calcutta to Mauritius, is caught up in the whirlwind. When the seas settle, five men have disappeared - two lascars, two convicts and one of the passengers. Did the same storm upend the fortunes of those aboard the *Anahita*, an opium carrier heading towards Canton? And what fate befell those aboard the *Redruth*, a sturdy two-masted brig heading East out of Cornwall? Was it the storm that altered their course or were the destinies of these passengers at the mercy of even more powerful forces? On the grand scale of an historical epic, *River of Smoke* follows its storm-tossed characters to the crowded harbors of China. There, despite efforts of the emperor to stop them, ships from Europe and India exchange their cargoes of opium for boxes of tea, silk, porcelain and silver. Among them are Bahram Modi, a wealthy Parsi opium merchant out of Bombay, his estranged half-Chinese son Ah Fatt, the orphaned Paulette and a motley collection of others whose pursuit of romance, riches and a legendary rare flower have thrown together. All struggle to cope with their losses - and for some, unimaginable freedoms - in the alleys and crowded waterways of 19th century Canton. As transporting and mesmerizing as an opiate induced dream, *River of Smoke* will soon be heralded as a masterpiece of twenty-first century literature.
